Closure of the payment offices requires the approval of the California Public Utilities Commission (CPUC). Although SCE is requesting to close the payment offices listed above, the Service Centers will remain open to support other SCE services. These services will include planning, maintenance, construction, and emergency power and field services (turn-ons, and turn-offs, reconnections).

SCE is seeking to close these payment offices because they are underutilized due to changes in customers' preferred payment options.

SCE Other Payment Options

1. Online at SCE.com and clicking on the Pay Your Bill link (using a cell phone, tablet, or personal computer)
 - View and pay your bill with a checking account
 - Pay with a credit or debit card¹
 - Set up automatic payments or an electronic fund transfer

¹ A \$1.65 JP Morgan Chase convenience fee applies for payments by credit or debit card.

2. By phone (with a checking account, credit, or debit card), using the following toll-free numbers:
 - QuickCheck (1-800-655-4555) and Pay by Phone (1-800-877-8600)
 - TTY-(1-800-352-8580)

4. In person at an Authorized Payment Agency (APA)

You can **only** make cash, check, or money order payments in person at no additional cost to you at any participating APA. **Please go to www.on.sce.com/apalactor for the most current list of APA's as they may change.**

APA's have great advantages – they are open longer hours including evenings, take all types of SCE payments (for monthly bill, deposits, and reconnections), and may take payments for other utility bills. A list of APAs is available online at on.SCE.com (you can look them up by ZIP code) or call 1-800-747-8908 and choose Option 1.
