**DATA REQUEST SET S P D - S C E - 2 0 2 3 - 0 0 6**

**To: SPD**  
**Prepared by: Yoshinori Goya**  
**Job Title: Consultant**  
**Received Date: 8/24/2023**  
  
**Response Date: 9/1/2023**

---

**Question 01:**

Populate the attached spreadsheet with information summarized from Table 11 of SCE's most recently submitted QDR (Q1 2023 submitted Aug 1).

**Response to Question 01:**

See attached spreadsheet.

The information used to populate the spreadsheet is based on Table 11 of the Q2 2023 Quarterly Data Request (QDR) filed on August 1, 2023.

All wildfire related mitigation activities are mapped to the applicable WMP Initiative Category as outlined in Appendix C of the final data guidelines published on December 14, 2022. The final guidelines specify the following 8 WMP Initiative Categories:

1. Community Outreach and Engagement
2. Emergency Preparedness
3. Grid Design, Operations, and Maintenance
4. Overview of the Service Territory
5. Risk Methodology and Assessment
6. Situational Awareness and Forecasting
7. Vegetation Management and Inspection
8. Wildfire Mitigation Strategy Development

Please note the fields for 'Public Safety Power Shutoffs' and 'Other–Wildfire' are left blank.<sup>1</sup>

---

<sup>1</sup> 'Public Safety Power Shutoffs' is a WMP Initiative Category which was part of the draft data guidelines issued by OEIS on October 14, 2022, but was omitted from the final data guidelines. SCE does not have any wildfire related mitigation activities mapped to 'Other–Wildfire'.
