

Summer Discount Plan

Enrollment Form for New Customers

Mail completed form to: Summer Discount Plan | P.O. Box 800 | Rosemead, CA 91770-9972

Fill out and sign the form below to enroll in the Summer Discount Plan program and receive up to \$160* in bill credits this year! Participation in the Summer Discount Plan program requires us to attach a device, at no cost to you, on or near your central air conditioner (A/C) that allows us to turn it off or cycle it off for up to six hours a day when needed. Summer Discount Plan energy events can be called year-round, with a maximum of 180 event hours each calendar year. Once enrolled, you will be included automatically every year.

To enroll online, go to sce.com/sdpinfo.

*Estimated Savings—actual savings will vary based on individual participation and equipment. Please see the additional information provided with this letter for details.

1. Complete your account information.			
Service account #		Email (optional)	
Account holder			
Service address			
City		State	ZIP
Home phone # ())		Best time to call (weekdays):	<input type="checkbox"/> AM <input type="checkbox"/> PM
Alternate phone # ())		Best time to call (weekdays):	<input type="checkbox"/> AM <input type="checkbox"/> PM
By providing a telephone number, including a mobile phone number, the customer expressly consents to receive non-telemarketing calls at such telephone number from or on behalf of SCE related to SCE's Summer Discount Plan, including calls made using an automatic telephone dialing system and/or artificial or prerecorded voice.			
2. Choose one of the plan options below for the Summer Discount Plan program.			
I would like to enroll in the following option (please check one): (Note: In order to participate in an override option, all enrolled A/C units must be installed on the ground.)			
<input type="checkbox"/> Up to \$160* in bill credits during the summer season (Maximum Savings) My A/C unit may be turned off or cycled off during energy events for up to six hours per day, for a maximum of 180 hours per calendar year.			
<input type="checkbox"/> Up to \$80* in bill credits during the summer season (Comfort) My A/C unit may be turned off or cycled off during energy events for 15 minutes of each half-hour, up to six hours per day, for a maximum of 180 hours per calendar year. The following options are not available to customers with a rooftop A/C:			
<input type="checkbox"/> Up to \$80* bill credits during the summer season (Savings with Override Control) My A/C unit may be turned off or cycled off during energy events for up to six hours per day, for a maximum of 180 hours per calendar year. On up to five energy events per year, I can "override" to keep it on.			
<input type="checkbox"/> Up to \$40* in bill credits during the summer season (Maximum Comfort with Override Control) My A/C unit may be turned off or cycled off during energy events for 15 minutes of each half-hour, up to six hours per day, for a maximum of 180 hours per calendar year. On up to five energy events per year, I can "override" to keep it on.			
3. Tell us about your central A/Cs on which the Summer Discount Plan device will be installed.			
How many central A/Cs do you want the devices installed on? (Please check one.) <input type="checkbox"/> 1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 Other _____			
Where are these central A/Cs located? (Please check one.) <input type="checkbox"/> Ground <input type="checkbox"/> Roof <input type="checkbox"/> Both			
Reminder: In order to participate in an override option, all enrolled A/C units must be installed on the ground.			
Do you require someone to be home when we install the devices? (Please check one.) <input type="checkbox"/> No – SCE has my permission to install devices even if no one is home. There are no access issues at my home, such as a locked gate or a dog. <input type="checkbox"/> Yes – The person at my home will be over the age of 18 and will be present during the installation. In Section 1, I have provided a phone number and best time to call (weekdays only) to schedule an appointment.			
4. Read and sign below (if you're a renter, your property owner or manager must also sign below).			
By submitting this application, I confirm that the above information is correct, that I am a Southern California Edison customer with a central A/C in good working order, and that I would like to enroll in the Residential Summer Discount Plan program indicated in Section 2. I understand:			
<ul style="list-style-type: none"> • The amount of my savings is based on SCE's calculated tonnage of my working central A/C(s), the amount of my electrical consumption and the number of summer season days in each billing period • The Summer Discount Plan devices will not be installed on a non-operational central A/C • The program is subject to the availability of Summer Discount Plan devices and adequate signal strength • My account must register the use of a minimum of 1.5 kWh, one hour before or after, in at least one event day per calendar year to remain eligible to participate in the SDP program • The Summer Discount Plan program requires a minimum of one-year participation from the date my service on the plan begins • Any option changes (Standard or Override) can be changed only once in a 12-month period • Any change from Maximum Savings to Maximum Comfort can be changed only once in a 12-month period • If I disenroll from the Summer Discount Plan program, I may not re-enroll within a 12-month period • This plan is not recommended for anyone who is unable to tolerate high temperatures or has significant health problems 			
Signature		Date	/ /
Signature of my property owner or manager (for renters only)		Date	/ /

PLEASE NOTE: No authorized SCE representative will ever ask you to pay for advice on how to save money or energy through our programs.

*The estimated savings amounts represent the savings a resident could enjoy with a typical 4.5-ton central air-conditioning unit. Savings could increase with larger units and decrease for smaller ones. Credits are based on enrollment in program from June 1 to October 1. Enrollment after June 1 will result in prorated savings beginning from the first meter read date after your application is processed and your device is installed, verified and activated. SCE may need to test the device. The credit amounts and program options are subject to change by the California Public Utilities Commission (CPUC). A customer must have an Edison SmartConnect[®] meter capable of registering hourly interval usage data for enrollment in the SDP program. Customers removed from the program for failing to meet the minimum electric usage requirement will not be allowed to re-enroll for the following 12-month period. Customers receiving a medical baseline allocation for air conditioning under Schedule MB-E are not eligible to participate in the Summer Discount Plan program. Net Energy Metering (NEM) credits received under Schedule NEM may offset in whole or in part the program credits associated with the Summer Discount Plan. This information is meant as an aid to understanding SCE's Summer Discount Plan program. It does not replace SCE's CPUC-approved tariffs. Any inconsistencies between this material and SCE's tariffs are unintended, and the tariffs prevail. Please refer to SCE's tariff books at [sce.com/sdptariff](https://www.sce.com/sdptariff) for a complete list of terms and conditions of service. The credit calculation formula used is: Single Phase (Amps x Volts)/ 1,400 + .09 = Tons. Amps and Volts values are based on the AC unit's faceplate or when not available, readings from an amperage probe clamp.

Programs are funded by California utility customers and administered by Southern California Edison under the auspices of the California Public Utilities Commission.
